PLACE
Partnerships for Local Action & Community Empowerment

We're inviting young people from across Australia to join a new

# Youth Impact Network

## A national network for young people working on place-based change in their communities

## What is the network?

It's a network built around relationships, learning and collective influence.

This is a space to:

- Connect with other young people working on place-based change
- Share what's happening in your place
- Learn from each other's experiences
- Influence systems to work better for young people.

## Who is it for?

We're looking for young people aged 18-28 who are involved in or connected to place-based work and practice - both formally or informally.

## How can I join?

- All you need to do is answer three questions via a written submission.
- Scan the QR code for more information and to submit, or reach out for a chat by emailing enable@placeaustralia.org
- The EOI will be open until August 9 2026

## How does it work?

- Regular online sessions and hubs to stay connected, including to other PLACE networks
- Space for reflection, sharing and learning
- Opportunities to be more involved over time
- Participation is flexible and shaped around your capacity.

## What is PLACE?

Partnerships for Local Action and Community Empowerment (PLACE) is a national organisation that supports and enables place-based initiatives to thrive.

We support local voices to drive systemic reform and tackle persistent disadvantage through workforce planning, data access and structural reform.
